“As the daughter of a single working mother, I learned at an early age that having a positive attitude, a willingness to learn, and the ability to pivot, were necessary if I hoped to be successful,” said Regina Barr. “That was the backbone to my success. I wanted to inspire others to believe that with hard work and a shift in their mindset, they could do the same. That’s why I started Red Ladder with one simple goal, to inspire others to succeed.”

Regina Barr and Women at the Top® (WATT®) has provided a space for professional women to invest in their social capital over the last 10 years. On Tuesday, April 18, 2023, we are celebrating Regina’s 20 years in business AND networking with professional women at Northeast Bank in Minneapolis, MN.
